INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
La Feria Independent School District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the La Feria Independent School District ("the District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

(This page intentionally left blank)

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Prior Period Adjustment

The previously issued financial statements have been restated to account for the correction of a misstatement related to a prior period. As further discussed in Note 21, the District's financial statements were restated and the effect of the adjustment was a decrease to beginning fund balance. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison of the General Fund, the schedules related to the net pension and other post-employment liabilities, schedules related to the pension and other post-employment contribution information, and the related notes to the required supplementary information on pages 11-18 and 61-67 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, and the Texas Education Agency Required Schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

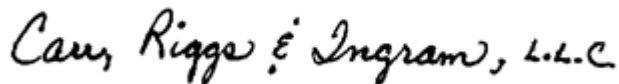

(This page intentionally left blank)

The Texas Education Agency Required Schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Texas Education Agency Required Schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 18, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Harlingen, Texas

La Feria Independent School District Management's Discussion and Analysis

As management of the La Feria Independent School District, we offer this narrative overview of the District's financial performance during the year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with the independent auditors' report, and the District's Basic Financial Statements which follow this section.

FINANCIAL HIGHLIGHTS

As a reminder, the Board of Trustees approved a change in the District's fiscal year end from August 31st to June 30th in fiscal year 2018-2019. Therefore in the comparative data below fiscal year 2019-2020 is the full 12 month period July 1, 2019 to June 30, 2020 while 2018-2019 reflects a 10-month period from September 1, 2018 to June 30, 2019.

COVID-19 has drastically changed the way we do business. In March of 2020 we were faced with having to close our doors to in-person instruction. Along with that decision came the initiative of designing a remote learning program. Part of that program would require devices to accommodate that initiative. Not having budgeted for this, we repurposed some of our local, state and federal funds. This allowed us to purchase a first wave of devices and hotspots to begin the process of accommodating remote learning. In addition to the expense of remote learning, there were unbudgeted expenses associated with cleaning and disinfecting supplies as well as staff time to properly clean and disinfect all school facilities.

We have applied for various CARES Act funding sources. We have applied for the ESSER funds, CRF funds, CRF through TDEM (Texas Department of Emergency Management), Operations Connectivity Local Match Reimbursement Program, Operation Connectivity Prior Purchase Reimbursement Program, and Provider relief funds. Although we did receive ESSER funds, the state used the ESSER funds to supplant the Foundation School Program allotment so no additional funding resulted. The other program applications should generate additional funds although there is no assurance on timelines.

The assets and deferred outflows of the District exceeded its liabilities and deferred inflows at the close of the most recent period by \$1,845,291 (net position), which was a decrease from the prior year of \$2,958,781. The decrease was primarily due to a correction of error that reduced beginning net position by \$1,184,611.

At the end of the current fiscal period, the District reported an ending fund balance in its general fund of \$7,132,004 which is a decrease of (\$851,267) from last year. There was a correction of error that reduced the beginning general fund balance by \$1,184,611.

The District's current and delinquent property tax collections were 99.3% of the levy for the 2019 tax year. The District's Debt Service fund reported a fund balance of \$162,545.

The District received an "A-Superior" rating for the Financial Integrity System of Texas (FIRST) for 2019-2020 which is a higher rating than the "C – Meets Standard" rating received for 2018-2019. The FIRST rating evaluates quality of performance in the management of the school district's financial resources. The ratings for each year are based on the prior school year's data.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Section of this Annual Financial Report consists of four parts: (1) management's discussion and analysis (this section), (2) the basic financial statements, (3) required supplemental information, and (4) other supplementary information, which is the section that presents additional information required by the Texas Education Agency.

The Management's Discussion and Analysis section is intended to serve as an introduction to the District's Basic Financial Statements. The District's Basic Financial Statements comprise three components: (1) Government-Wide Financial Statements (2) Fund Financial Statements, and (3) Notes to the Basic Financial Statements.

La Feria Independent School District Management's Discussion and Analysis

The basic financial statements include two kinds of statements that present different views of the District:

The first two statements are government-wide financial statements that provide both long-term and short-term information about the District's overall financial status. The remaining statements are fund financial statements that focus on individual parts of the government, reporting the District's operations in more detail than the government-wide statements.

- *The governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- *Proprietary fund* statements offer *short-* and *long-term* financial information about the activities the government operates *like businesses*. The District currently does not utilize any proprietary funds.
- *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused sick leave.)

The government-wide financial statements of the District are principally supported by taxes and intergovernmental revenues (governmental activities). All of the District's services are reported in the government-wide financial statements, including instructional leadership, student support services, general administration, support services, and debt services.

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related requirements. The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and by bond covenants. The Board of Trustees establishes other funds to control and manage money for particular purposes to show that it is properly using taxes and grants.

La Feria Independent School District Management's Discussion and Analysis

The District has the following kinds of funds:

Governmental funds: Government funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year.

Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.

The District maintains 19 governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, ESEA I, A Improving Basic Program special revenue fund, and CARES Act Elementary and Secondary School Emergency Relief (ESSER) special revenue fund, which are considered to be major funds. Data from the other governmental funds are combined in a single, aggregated presentation. The District adopts an annual appropriated budget for its General Fund, Child Nutrition Program (included in the general fund) and Debt Service Fund. A budgetary comparison schedule has been provided to demonstrate compliance with these budgets.

Proprietary funds: Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information. The District currently does not utilize any proprietary fund types.

Fiduciary funds: The District is the trustee, or *fiduciary*, for certain funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

Notes to Financial Statements

The notes provide additional information that is essential to a complete understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information (RSI) that further explains and supports the information in the financial statements. The Required Supplementary Information includes a comparison of the original adopted budget, the final amended budget, and the actual results for the fiscal year ended for the general fund. Also included in RSI is the Schedule of the District's Proportional Share of the Net Pension Liability of the Teacher Retirement System of Texas, the Schedule of District Contributions for Pensions to the Teacher Retirement System of Texas, the Schedule of the District's Proportionate Share of the Net OPEB Liability of the Teacher Retirement System of Texas, and the Schedule of the District's OPEB Contributions to the Teacher Retirement System of Texas.

La Feria Independent School District Management's Discussion and Analysis

Texas Education Agency Required Schedules

This section contains information for the purpose for additional analysis and is not a required part of the basic financial statements. This section includes certain compliance schedules required by the Texas Education Agency.

Government-Wide Financial Analysis

Presented in Tables I and II below are summarized Statement of Net Position and Statement of Changes in Net Position for both current and prior-year data. Our analysis focuses on the current year and the comparison of prior-year amounts on the net position (Table I) and changes in net position (Table II) of the District's governmental activities.

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the period ended June 30, 2020, the District's assets and deferred outflows exceeded its liabilities and deferred inflows by \$1,845,291 which was a decrease from last year due to a correction of error that reduced beginning net position.

**Table I
Net Position Summary**

	Governmental Activities	
	June 2020	June 2019
Current and other assets	\$ 12,583,874	\$ 13,879,094
Capital assets	<u>41,195,519</u>	<u>41,819,117</u>
Total assets	<u>53,779,393</u>	<u>55,698,211</u>
Deferred outflows of resources	<u>6,230,340</u>	<u>6,821,937</u>
Other liabilities	6,212,079	6,615,662
Long-term liabilities	<u>43,668,797</u>	<u>47,147,947</u>
Total liabilities	<u>49,880,876</u>	<u>53,763,609</u>
Deferred inflows of revenues	<u>8,283,566</u>	<u>5,797,758</u>
Net investment in capital assets	17,792,901	16,863,157
Restricted	220,350	593,372
Unrestricted	<u>(16,167,960)</u>	<u>(14,497,748)</u>
Total net position	<u>\$ 1,845,291</u>	<u>\$ 2,958,781</u>

As depicted in Table I, a significant portion of the District's net position, \$17,792,901, reflects its investment in capital assets less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the District's net position, \$220,350, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is a deficit of \$(16,167,960) due to GASB No. 75 reporting the District's share of the Net OPEB liability.

Change in Net Position

Total net position of the District increased by \$71,121.

La Feria Independent School District Management's Discussion and Analysis

**Table II
Changes in Net Position**

Revenues	Governmental Activities	
	June 2020	June 2019
Program Revenues:		
Charges for services	\$ 331,646	\$ 376,544
Operating grants and contributions	10,130,694	9,028,424
General Revenues:		
Property taxes	5,458,512	5,048,430
State and other grants	27,176,740	26,273,813
Investment earnings	116,891	169,584
Miscellaneous local and intermediate	<u>55,960</u>	<u>351,335</u>
Total Revenues	43,270,443	41,248,130
Expenses		
Program Expenses:		
Instruction	22,741,781	19,757,485
Instructional resources and media services	351,653	392,073
Curriculum and instructional staff development	301,192	464,415
Instructional leadership	1,188,492	813,557
School leadership	2,661,180	2,566,432
Guidance, counseling and evaluation services	1,053,268	864,898
Social services	112,524	24,938
Health services	350,504	297,582
Student (pupil) transportation	1,198,594	1,303,885
Food services	2,566,815	2,540,761
Cocurricular/extracurricular activities	2,076,496	1,900,961
General administration	1,559,217	1,457,559
Facility maintenance and operations	5,107,492	4,342,555
Security and monitoring services	105,015	42,493
Data processing services	665,773	632,059
Community services	306,839	326,147
Debt service	784,590	700,363
Other governmental charges	<u>67,897</u>	<u>65,248</u>
Total Expenses	<u>43,199,322</u>	<u>38,493,411</u>
Increase (decrease) in net position	71,121	2,754,719
Beginning net position	2,958,781	418,059
Prior period adjustment	<u>(1,184,611)</u>	<u>(213,997)</u>
Ending net position	<u>\$ 1,845,291</u>	<u>\$ 2,958,781</u>

The District's total revenues were \$43,270,443. A significant portion, 86.2%, of the District's revenue comes from state aid – formula grants and operating grants, 12.6% comes from taxes, while 1.2% relates to charges for services, investments, and miscellaneous income.

Governmental Activities

- Property tax rates decreased from \$1.2991 to \$1.2544 per \$100 of taxable property value.
- Average daily attendance (AEA) decreased from the prior year to the current year due to the change in computation as a result of the remote learning due to COVID from mid March 2020 through the end of the school year. Since attendance was not measured for that period of time, TEA developed a formula which reduced all districts ADA for the current school year.

La Feria Independent School District Management's Discussion and Analysis

The total cost of all programs and services was \$43,199,322; 80% of these costs are for instructional and student services.

Table III presents the cost of each of the District's largest functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by state revenues as well as local tax dollars.

- The cost of all *governmental* activities this fiscal period was \$43,199,322.
- However, the amount that our taxpayers paid for these activities through property taxes was \$5,458,512.
- Some of the cost was paid by those who directly benefited from the programs (\$331,646) or by grants and contributions (\$10,130,694.)

**Table III
Net Cost of Selected District Functions**

<u>Program revenues</u>	<u>Total Cost of Services</u>		<u>Net Cost of Services</u>	
	<u>2020</u>	<u>2019</u>	<u>2020</u>	<u>2019</u>
Instruction and instructional related	\$23,394,626	\$20,613,973	\$17,522,981	\$15,517,262
School leadership	2,661,180	2,555,432	2,212,373	2,273,821
Food services	2,566,815	2,540,761	254,764	(46,193)
Facilities maintenance and operations	5,107,492	4,342,555	4,811,337	4,051,727

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements, bond covenants, and segregation for particular purposes.

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of a fiscal year.

As of June 30, 2020, the District's governmental funds reported a combined ending fund balance of \$7,427,568, an decrease of (\$955,242) from last year. Of the total fund balance, \$6,907,527, or approximately 93%, constitutes unassigned fund balance. The remainder of fund balance is nonspendable, restricted, committed or assigned for particular purposes as follows:

**Table IV
Governmental Funds – Fund Balances**

	<u>2020</u>	<u>2019</u>
Nonspendable		
Inventories	\$ 105,240	\$ 62,425
Prepayment	61,432	61,432
Restricted		
Food service	57,805	306,167
Debt service	162,545	287,205
Assigned		
Campus activity funds	133,019	112,334
Unassigned		
Unassigned	<u>6,907,527</u>	<u>6,368,636</u>
	<u>\$7,427,568</u>	<u>\$7,198,199</u>

La Feria Independent School District Management's Discussion and Analysis

General Fund Budgetary Highlights

Over the course of the year, the District revised its budget once. Actual expenditures were \$4,544,933 below final budget amounts with no functions exceeding the approved budget amounts. The budget amendment reallocated amounts from facilities acquisition and construction and transfers out to instruction, data processing services, debt service principal and interest and payments to County Appraisal District.

The District's General Fund fund balance of \$7,132,004 differs from the final budgetary fund balance of \$6,283,271 reported in the budgetary comparison statement due to the net effect of favorable and unfavorable variances as explained below:

- Revenues from both state and federal sources were below budget – state by \$1,910,048 due to the reduced foundation funding due to the use of ESSER funds in lieu of foundation revenue and the revised computation of refined ADA for the last part of school year 2019-2020 for remote learning and federal by \$680,240 which was also impacted by COVID and the remote learning from mid-March through the end of the school year.
- Planned staff reductions were continued in the current fiscal period through attrition.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2020, the District had invested \$41,195,519 in a broad range of capital assets, including land, buildings and improvements and equipment.

**Table V
Capital Asset Summary**

	Governmental Activities	
	2020	2019
Land	\$ 2,233,311	\$ 2,233,311
Buildings and improvements	60,713,093	59,031,858
Equipment	7,550,109	7,188,291
Leased property under capital lease	284,171	284,171
Construction in progress	-	641,313
Total assets at historical cost	70,780,683	69,378,944
Less accumulated depreciation and amortization	(29,585,164)	(27,559,827)
Net capital assets	\$41,195,519	\$41,819,117

La Feria Independent School District Management's Discussion and Analysis

Long-term Liabilities

At period end the District had the following long-term liabilities:

**Table VI
Long-term Liabilities Outstanding**

	Governmental Activities	
	2020	2019
General obligation bonds payable	\$21,400,000	\$21,270,000
Bond issuance premiums	1,838,219	2,058,844
Maintenance tax notes	-	1,265,000
Maintenance tax notes premium	-	19,908
Property finance contract	616,050	806,466
Capital lease	149,817	222,475
Compensated absences	206,930	209,926
Net pension liability	9,029,470	9,609,669
Net OPEB liability	<u>12,193,234</u>	<u>13,453,235</u>
Totals	<u>\$45,433,720</u>	<u>\$48,915,523</u>

Additional information on the District's long-term debt can be found in the notes to the financial statements as indicated in the table of contents of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Appraised value used for the 2020-2021 budget preparation is the certified estimate of \$479,496,547 an increase of 8.11% from last year.
- The tax rate for the upcoming year of 2020-2021 has decreased. Our M&O rate is now 1.0307 (down from 1.06835) due to the state's compression required in House Bill 3. The I&S rate is now .1775 (down from .186) per \$100 of valuation.
- General operating fund spending per student increased in the 2020-2021 budget from \$11,875 to \$12,990.
- The District's 2020-2021 refined average daily attendance is expected to decrease by 150 average daily attendance. Given the trend of decreasing ADA during the past several years, the District will have to monitor its staffing and budget very closely.

These indicators were taken into account when adopting the general fund budget for 2020-2021.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Business Office.

LA FERIA INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
JUNE 30, 2020

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$ 7 427 568
1 Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. The cost of these assets was \$70,780,683 and the accumulated depreciation was \$29,585,164.	41,195,519
2 Long-term liabilities are not due and payable in the current period and are not reported as liabilities in the funds.	(24,211,016)
3 Accrued interest payable does not require current financial resources so it is not reported as a liability in the funds.	(322,555)
4 Property taxes receivable that will be collected this year, but are not available soon enough to pay for the current period's expenditures and, therefore, are unavailable in the funds.	1,031,705
5 Gains/losses on defeasance of debt are recognized as deferred credits or charges and amortized over the remaining life of the debt. The District has deferred charges on various refundings that are not reported in the funds.	601,466
6 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68. The net position related to TRS included a deferred resource outflow in the amount of \$4,190,089, a deferred resource inflow in the amount of \$1,824,840, and a net pension liability in the amount of \$9,029,470. This resulted in an increase (decrease) in net position.	(6,664,221)
7 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75. The net position related to TRS included a deferred resource outflow in the amount of \$1,438,785, a deferred resource inflow in the amount of \$6,458,726, and a net OPEB liability in the amount of \$12,193,234. The result in an increase (decrease) in net position.	(17,213,175)
19 Net Position of Governmental Activities	\$ 1 845 291

LA FERIA INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2020

EXHIBIT C-4

Total Net Change in Fund Balances - Governmental Funds	\$ 229,369
Capital outlays are reported in the governmental funds as expenditures. In the statement of activities the cost of assets, \$1,401,739 is allocated over their useful lives as depreciation expense which totaled \$2,025,338 for the year.	(623,599)
Because some property taxes will not be collected for several months after the District's year end, they are not considered "available" revenues in the governmental funds. This is the change in unearned tax revenue.	28,300
The issuance of long-term debt provides current financial resources to governmental funds, but increases long-term liabilities in the statement of net position. The District issued refunding bonds of \$1,250,000.	(1,250,000)
A payment to bond refunding escrow agent uses current financial resources in the governmental funds, but liquidates long-term liabilities on the statement of activities. The District used the proceeds of the refunding bonds to advance refund the 2014 tax maintenance notes and their related premium.	1,208,965
Repayment of principal on long-term liabilities is an expenditure in the funds but is not an expense in the statement of activities.	1,448,074
Some expenses such as the effect of the change in compensated absences reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	2,996
Governmental funds report premiums, discounts, gains/losses on debt transactions when debt is first issued, whereas the amounts are deferred and amortized in the statement of activities. Interest is recorded in the governmental funds when paid but in the statement of activities it is accrued. This is the net impact of amortization of premiums, deferred losses and change in accrued interest.	178,953
GASB Codification Section P20 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$588,206. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in the change in net position totaling \$(505,994). Finally, the proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense decreased the change in net position by \$(1,253,961). The net result is a decrease in the change in net position.	(1,171,749)
GASB Codification Section P50 required that certain plan expenditures be de-expended and recorded as deferred resource inflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$162,008. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in the net OPEB liability. This caused a decrease in the change in net position totaling \$(152,041). Finally, the proportionate share of the TRS OPEB expense on the plan as a whole had to be recorded. The net OPEB expense increased the change in net position by \$9,845. The net result is a decrease in the change in net position.	19,812
Change in Net Position of Governmental Activities	\$ 71,121

La Feria Independent School District Notes to Financial Statements

NOTE 1: REPORTING ENTITY

The La Feria Independent School District (the "District") is a public educational agency operating under the applicable laws and regulations of the State of Texas. The Board of Trustees (the "Board"), a seven-member group constituting an on-going entity, is the level of government which has governance responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the La Feria Independent School District. The governing Board derives its powers from the statutes of the State of Texas and the Rules and regulations of the Texas State Department of Education. The District receives funding from local, state and federal government sources and must comply with the requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by the GASB in its Statement No. 14, as amended by GASB 61 "The Reporting Entity." The District has no component units.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

La Feria Independent School District's (the "District") basic financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide (the "Resource Guide"). The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles.

Recently Issued and Implemented Accounting Pronouncements

In fiscal year 2020 the District implemented GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this statement was to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The Statement extended the effective dates of certain accounting and financial reporting provisions in statements that were first effective for reporting period beginning after June 15, 2018.

The Governmental Accounting Standards Board has issued statements that will become effective in future years. These Statements are as follows:

GASB Statement No. 84, *Fiduciary Activities*, effective for fiscal year beginning after December 15, 2018, extended by Statement No. 95 to fiscal years beginning after December 15, 2019. This statement seeks to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities are reported.

GASB Statement No. 87, *Leases*, effective for fiscal years beginning after December 15, 2019, extended by Statement No. 95 to fiscal years beginning after June 15, 2021. The objective of the Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

La Feria Independent School District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GASB Statement No. 91, *Conduit Debt Obligations*, effective for reporting periods beginning after December 15, 2020, extended by Statement No. 95 to reporting periods beginning after December 15, 2021. This Statement provides for a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures.

Basis of Presentation

The statement of net position and the statement of activities include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The District does not currently utilize any proprietary funds.

Major individual government funds are reported as separate columns in the fund financial statements. All remaining governmental and proprietary funds are aggregated by type and reported as non-major funds.

Measurement Focus, Basis of Accounting and Financial Statement Presentation:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded as soon as they are both available and measurable. Revenues are considered to be available when they are collectible within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within the 60 days after year end except for IFA and EDA funding from the Texas Education Agency (TEA) for which the period was extended to 90 days due to delays by TEA in processing amendments related to this funding. Grant and similar revenues, revenues received from the State of Texas and interest income are all considered to be susceptible to accrual and have been recognized as revenues in the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to longevity pay, claims and judgements are recorded only when payment is due.

La Feria Independent School District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

Unearned revenue is reported in the governmental funds when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

The District reports the following major governmental funds:

General Fund. This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounting for in another fund.

ESEA I, A Improving Basic Program. The District accounts for **ESEA I, A Improving Basic Program** in a special revenue fund. For the current fiscal year, the fund met the requirements as a major governmental fund.

The CARES Act ESSER Grant. The District accounts for **The CARES Act ESSER Grant** in a special revenue fund. For the current fiscal year, the fund met the requirements as a major governmental fund.

Additionally, the District reports the following funds:

Nonmajor Governmental Funds:

Special Revenue Funds. Special Revenue Funds are the funds that account for state and federally financed programs or expenditures legally restricted for specific purposes or where unused balances are returned to the grantor at the close of specified project periods.

Debt Service Fund. The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.

Fiduciary Funds:

Agency Funds. These funds are used to report student activity funds and other resources held in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Private Purpose Trust Funds. These funds are used to account for scholarship funds available for graduates of the District.

The District has no proprietary funds.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

La Feria Independent School District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

Money market investments which are short-term, highly liquid debt instruments including commercial paper, banker's acceptances and U.S. Treasury and agency obligations that have a remaining maturity at time of purchase of one year or less are reported at amortized cost. Investments in entities (such as investment pools) that calculate Net Asset Value per Share and follow the requirements of GASB Statement No. 79 are also reported at amortized cost. The District reports its investments in Lone Star Investment Pool and TexasTERM at amortized cost under GASB statement No. 79. Nonparticipating interest-earning investment contracts are reported using a cost-based measure.

The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. All other investments are reported at fair value.

Interfund Receivables and Payables

Interfund activity results from loans, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

Receivables and Payables

All trade and property tax receivables are shown net of an allowance for uncollectible. Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Delinquent taxes are prorated between the general and debt service funds based on rates adopted for the year of the levy. Allowance for uncollectible tax receivables are based on the historical experience in collecting property taxes.

Accrued liabilities primarily consist of amounts accrued for salaries and related liabilities.

Inventory

In the general fund, inventory is valued at cost, using the weighted-average method, except for food commodities, which are recorded at market value supplied by the Texas Department of Human Services. Commodities are received at no cost to the District; however, their fair market value is recorded as inventory and revenue when received. As the commodities are consumed, inventory is relieved and expenditures are charged.

La Feria Independent School District
Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Current Assets

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses in the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures when consumed rather than when purchased.

Capital Assets

Capital assets, which include property, plant, and equipment assets are reported in the governmental column in the government-wide financial statements. The District does not have any public domain (“infrastructure”) capital assets. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of two years or more.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at their acquisition value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are not capitalized.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Building and improvements	10-50
Vehicles/buses	8
Furniture and equipment	5-20

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management’s estimates. Actual results could differ from those estimates.

Deferred Outflows of Resources and Deferred Inflows of Resources/Other Assets and Liabilities

Deferred outflows and inflows of resources are reported in the statement of financial position as described below:

A deferred outflows of resources is a consumption of a government’s net position by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

Deferred outflows of resources for refunding – Reported in the government-wide statement of net position, this deferred charge on refunding results from the difference in the carrying value of refunding debt and its acquisition price. This amount is amortized over the shorter of the life of the refunded or refunding debt.

La Feria Independent School District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates (Continued)

Deferred outflows of resources for pension - Reported in the government-wide financial statement of net position, this deferred outflows result from pension plan contributions made after the measurement date of the net pension liability and the results 1) changes in actuarial assumptions; 2) differences between expected and actual actuarial experiences and 3) changes in the District's proportional share of pension liabilities. The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The remaining pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.

Deferred outflows of resources for other post-employment benefits (OPEB) – Reported in the government wide statement of net position, this deferred outflow results from OPEB plan contributions made after the measurement date of the net OPEB liability and the results of 1) differences between projected and actual earnings on pension plan investments and 2) changes in the District's proportional share of pension liabilities.

The deferred outflows of resources related to other post-employment benefits resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the next fiscal year. The deferred outflows resulting from difference between projected and actual earning on OPEB plan investments will be amortized over a closed five year period. The remaining deferred outflows will be amortized over the expected service lives of all employees (active and inactive employees) that are provided with post-employment benefits through the OPEB plan.

A *deferred inflow* of resources is an acquisition of a government's net position (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

Deferred inflows of resources for unavailable revenues – Reported only in the governmental funds balance sheet, unavailable revenues from property taxes arise under the modified accrual basis of accounting. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Deferred inflows of resources for pension – Reported in the government-wide financial statements of net position, these deferred inflows result primarily from 1) differences between projected and actual earnings on pension plan investments; 2) changes in actuarial assumptions; 3) differences between expected and actual actuarial experiences and 4) changes in the District's proportional share of pension liabilities. The deferred inflows resulting from differences between projected and actual earnings on pension plan investments will be amortized over a closed five year period. The remaining pension related deferred inflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.

Deferred inflows of resources for OPEB – Reported in the government wide financial statement of net position, these deferred inflows result primarily from 1) changes in actuarial assumptions and 2) differences between expected and actual actuarial experiences. These OPEB related deferred inflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with OPEB through the OPEB plan.

La Feria Independent School District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements

GASB Statement No. 72 requires the District to use valuation techniques which are appropriate under the circumstances and are either a market approach, a cost approach or an income approach. GASB Statement No. 72 establishes a hierarchy of inputs used to measure fair value consisting of three levels. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs, such as management's assumption of the default rate among underlying mortgages of a mortgage-backed security.

There are three general valuation techniques that may be used to measure fair value. The market approach uses prices generated by market transactions involving identical or comparable assets or liabilities. The cost approach uses the amount that currently would be required to replace the service capacity of an asset (replacement cost). The income approach uses valuation techniques to convert future amounts to present amounts based on current market expectations.

Compensated Absences

The District's policy allows employees with at least fifteen years of service with the District to accumulate unused sick leave. When an employee retires, the District will pay out any accumulated leave based on a formula which is weighted for years of service to the District.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are recorded and are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond and tax notes issuance costs incurred in the issuance of bonds, are expensed in the current period.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pension

The District is a member employer of the Teacher Retirement System of Texas (TRS) and, therefore, records its proportionate share of the pension liability and related accounts in these financial statements. The fiduciary net position of the Teacher Retirement System of Texas (TRS) plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

La Feria Independent School District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Post-Employment Benefits

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additional to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

Government-wide Net Position

Net position on the Statement of Net Position include the following:

Net Investment in Capital Assets - The component of net position that represents capital assets less both the accumulated depreciation and the outstanding balance of debt.

Restricted for State and Federal Programs - The component of net position that reports the difference between assets and liabilities of the Federal and State special revenue programs that consists of assets with constraints placed on their use by granting entities.

Restricted for Debt Service - The component of net position that reports the difference between assets, deferred inflows of resources and liabilities adjusted on a government-wide basis that consists of assets with constraints placed on their use by the bond covenants.

Unrestricted Net Position - The difference between the assets, deferred inflows of resources and liabilities that are not reported in net position net invested in capital assets, or restricted net position.

Net position flow assumption – Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amount to report as restricted – net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund Balance

In the fund financial statements, governmental funds report fund balances as either a non-spendable fund balance or a spendable fund balance.

Non-spendable fund balance is that portion of fund balance that is not expendable. Examples of non-spendable fund balance include inventories and prepaid items.

La Feria Independent School District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Spendable fund balance includes restricted, committed, assigned and unassigned components. These components can be described as follows:

- *Restricted fund balance* – the component of spendable fund balance constrained to a specific purpose by a provider, such as a creditor, grantor, contributor or law or regulation of other governments.
- *Committed fund balance* –the component of spendable fund balance constrained to a specific purpose by Board. A Board resolution is required to establish a fund balance commitment. Only the action that constitutes the most binding constraint of the Board can be considered a commitment for fund balance classification purposes.
- *Assigned fund balance* – the component of the spendable fund balance that is spendable or available for appropriation but has been tentatively earmarked for some specific purpose by the Superintendent. Board policy CE (Local) was amended in August 2011 by the Board of Trustees to provide the Superintendent with this authorization.
- *Unassigned fund balance* the component of spendable fund balance which may be spent for any legal purpose. This portion of the total fund balance in the general fund is available to finance operating expenditures.

Fund balance flow assumptions - Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Accounting System

In accordance with the Resource Guide, the District has adopted and installed an accounting system which meets at least the minimum requirements prescribed by the State Board of Education and approved by the State Auditor. Specifically, the District's accounting system uses codes and the code structure prescribed by Texas Education Agency (TEA) in the Resource Guide. Mandatory codes are recorded in the order provided in that section.

Data Control Codes

Data Control Codes appear in the rows and above the columns of certain financial statements. TEA requires the display of these codes in the financial statements filed with TEA in order to ensure accuracy in building a statewide database for policy development and funding plans.

Subsequent Events

Management has evaluated subsequent events through January 18, 2021, the date the financial statements were available to be issued.

La Feria Independent School District Notes to Financial Statements

NOTE 3: DEPOSITS AND INVESTMENTS

The District's funds are required to be deposited and invested under the terms of a depository contract pursuant to the School Depository Act. The depository bank places approved pledged securities for safekeeping and trust with the District's agent bank in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. The District maintains an investment policy which authorizes the District to invest in obligations of the U.S. Treasury and U.S agencies, municipal securities and repurchase agreements and the State Treasurer's investment pool or similar public fund investment pools. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the District has adopted a deposit and investment policy.

Custodial Credit Risk – Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The collateral shall always be held by an independent third party with whom the District has a current custodial agreement. The District was not exposed to custodial credit risk for its deposits.

At June 30, 2020, the carrying value of the District's deposits (other than the temporary investments listed below) was \$318,368 and the bank balance was \$385,717. The District's cash deposits at June 30, 2020, and during the year then ended, were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

Investments

As of June 30, 2020, the District's investments consisted of balances held by Lone Star Local Government Investment Pool (LSIP) and TexasTERM Local Government Investment Pool (TexasTERM).

La Feria Independent School District Notes to Financial Statements

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

LSIP is a Texas public investment pool sponsored by the Texas Association of School Boards (TASB) for investment of funds by state and local government entities, primarily local school districts. The Board has entered into an agreement with First Public, LLC (First Public), a Texas limited liability company and a member of the National Association of Securities Dealers, Securities Investor Protection Corporation, and Municipal Securities Rulemaking Board, pursuant to which First Public serves as administrator of LSIP's operations. American Beacon Advisors, Fort Worth, Texas, and Standish Mellon Asset Management Company, LLC, Pittsburgh, Pennsylvania, provide investment management services to LSIP regarding the investment and reinvestment of the pool's assets. The fund's credit quality is excellent as its portfolio is composed of U. S. government and U. S. agency securities. Investments in LSIP provide for investment in securities with maturities and returns generally greater than money market instruments. LSIP is marked-to-market daily to maintain an accurate net asset value. The District's fair value in LSIP is the same as the value of the pool shares.

The District also participates in the TexasTERM Local Government Investment Pool (TexasTERM), an external investment pool. TexasTERM was established under the provisions of the Interlocal Cooperation's Act, Chapter 791 of the Texas Government Code and Chapter 2256 of the Public Funds Investment Act. An Advisory Board composed of participants and non-participant members elected by the participant shareholders of TexasTERM is responsible for the overall management of TexasTERM, including formulation and implementation of its investment and operating policies. TexasTERM is professionally managed by PFM Asset Management, LLC in Austin Texas and offers three investment options: TexasDAILY, TexasTERM and TexasTERM Certificate of Deposit Purchase Program. The District is currently participating only in the TexasTERM CD Purchase Program with a one year FDIC-insured CD held in the District's name bearing interest at 0.75% maturing June 1, 2021.

In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the District must disclose any limitations or restrictions on withdrawals. The Local Government Investment Pools do not have any limitations and restrictions on withdrawals such as notice periods or maximum transaction amounts. The pool does not impose any liquidity fees or redemption gates.

The District's temporary investments at June 30, 2020, are shown below:

	<u>Fair Value</u>	<u>Percentage of Investments</u>	<u>Credit Rating</u>
Investments			
Lone Star	\$8,638,694	98.13%	AAA
TexasTERM – Texas CD Purchase Program	<u>164,234</u>	<u>1.87%</u>	N/A
	<u>\$8,802,928</u>	<u>100.00%</u>	

Custodial Credit Risk – Investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investments in the external investment pool are not exposed to custodial risk. External investment pools are not subject to custodial risk because investments are not evidenced by securities that exist in physical or book entry form.

La Feria Independent School District
Notes to Financial Statements

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Credit Risk

This is the risk that a security issuer may default on an interest or principal payment. State law limits investments in local government pools to those that are rated AAA or equivalent by at least one Nationally Recognized Statistical Rating Organization (NRSRO). The District controls and monitors this risk by purchasing quality rated instruments that have been evaluated by agencies such as Standard and Poor's (S&P) or Moody's Investors service, or by investing in public fund investment pools rated no lower than AAA or AAAM. State law limits investments in public funds investment pools to those rated no lower than AAA or AAAM or an equivalent rating by at least one nationally recognized rating service. As of June 30, 2020, the District's investments in Lone Star Investment Pool were rated AAA.

Interest-rate Risk

This type of risk occurs when potential purchasers of debt securities do not agree to pay face value for those securities if interest rates rise. The District's investment policy does not allow the purchase of investments that would expose the District to interest-rate risk.

Concentration Risk

This type of risk is defined as positions of 5% or more in the securities of a single issuer. The District is not exposed to concentration risk because the investment portfolio mainly consists of external investment pools.

Restricted Assets

As of June 30, 2020, restricted assets of the Agency Fund include \$2,035,561 of investments held in Lone Star Investment Pool as fiscal agent for the South Texas Health Cooperative.

The following is a reconciliation of the District's total cash, investments and restricted assets as of June 30, 2020, with the Statement of Net Position:

Deposits	\$ 318,368
Petty cash	<u>10,271</u>
Total cash	328,639
Certificates of deposit	164,234
Investments	<u>8,638,694</u>
Total investments	<u>8,802,928</u>
Total for all funds- cash and investments	<u>9,131,567</u>
Less: Statement of Fiduciary Net Position	
Cash and cash equivalents	139,357
Investments	164,234
Restricted assets- investments	<u>2,035,561</u>
	<u>2,339,152</u>
Statement of Net Position	<u>\$6,792,415</u>

La Feria Independent School District
Notes to Financial Statements

NOTE 4: PROPERTY TAX

Property taxes are levied by October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. The District's 2019 tax rate was \$1.0684 for maintenance and \$0.1860 for debt service per \$100 assessed valuation. Allowances for uncollectibles within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. At June 30, 2020 outstanding taxes in the general fund and debt service fund were \$918,562 and \$145,052 with a corresponding allowance for doubtful accounts of \$27,557 and \$4,352, respectively. Revenues from taxes are considered available when collected.

NOTE 5: DUE FROM OTHER GOVERNMENTS AND AGENCIES

Amounts due from other governments and agencies as of June 30, 2020 are as follows:

<u>General Fund</u>	<u>Due From</u>	<u>Due to</u>
Texas Education Agency:		
Foundation Revenues	\$1,420,588	\$ -
Food Service Program – Breakfast and Lunch	14,792	-
Other governmental entities		
Cameron County Tax Office	19,448	-
Indirect costs on federal programs	116,909	1,228
 <u>ESEA I, A Improving Basic Program</u>		
Texas Education Agency	961,290	-
 <u>COVID-19 Elementary and Secondary School Emergency Relief Fund</u>		
Texas Education Agency	1,357,408	-
 <u>Other Governmental Funds</u>		
Texas Education Agency:		
ESEA, Title I Part C Migratory Children	163,047	7,280

Notes to Financial Statements**

NOTE 9: LONG-TERM OBLIGATIONS (continued)

General Obligation Bonds:

Bonds payable at June 30, 2020 are comprised of the following individual issues:

The District issued \$3,595,000 Series 2014A refunding bonds with interest ranging from 2% to 4% to advance refund \$3,720,000 of the 2005 refunding bonds outstanding. These bonds mature February 15, 2027.	\$ 1,310,000
The District issued \$3,585,000 Series 2014B refunding bonds with interest ranging from 2% to 4% to advance refund \$3,745,000 of the 2005 school building bonds outstanding. These bonds mature February 15, 2037.	3,350,000
The District issued \$5,310,000 Series 2015 refunding bonds with interest ranging from 2% to 4% to advance refund \$5,595,000 of the 2005 school building bonds outstanding. These bonds mature February 15, 2037.	5,025,000
The District issued \$8,360,000 Series 2016 refunding bonds with interest ranging from 2% to 4% to advance refund \$2,720,000 of the 2006 refunding bonds and \$6,090,000 of the 2008 school building bonds (maturities 2029 through 2038). These bonds mature in 2038.	7,290,000
The District issued \$3,705,000 Series 2017 refunding bonds with interest ranging from 2% to 4% to advance refund \$3,825,000 of the 2008 school building bonds (maturities 2019 through 2028). These bonds mature in 2028.	3,175,000
The District issued \$1,250,000 Series 2020 limited tax refunding bonds with interest of 1.74% to advance refund the \$1,200,000 of the tax maintenance notes outstanding. These bonds mature in 2034.	<u>1,250,000</u>
	<u>\$21,400,000</u>

Other Long-Term Obligations:

Maintenance tax notes in the original amount of \$1,545,000 were issued by the District in 2014 with interest ranging from 2% to 4.5% and the notes were scheduled to mature in 2034.

A property finance contract originally issued in 2007 was refinanced in 2011 in the amount of \$2,184,499 with interest at 3.823% and the final payment due in 2022.

The District leased new copiers late in 2018 which resulted in a capital lease obligation of \$297,202 with interest of 5% and final payment due in 2022. The net book value of the leased assets as of June 30, 2020 amounted to \$136,166.

Advance Refunding

During the current school year, the Board approved and issued \$1,250,000 in Limited Tax Refunding Bonds, Series 2020 for the purpose of refunding the balance outstanding of the District's 2014 Maintenance Tax Notes and to provide resources to cover costs of issuance to purchase qualifying securities that were placed in an irrevocable trust for the purpose of the refunded debt. As a result, the refunded maintenance tax notes are considered to be defeased and the liability has been removed from the accounts of the District.

La Feria Independent School District Notes to Financial Statements

NOTE 9: LONG-TERM OBLIGATIONS (Continued)

In prior years, the District defeased certain outstanding bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the respective trust account assets and related liabilities for the defeased bonds are not included in the District's financial statements. At June 30, 2020, the following outstanding bonds and notes are considered defeased:

<u>Series</u>	<u>Ending Balance</u>
1997 Building	\$ 1,490,000
2005 Refunding	1,375,000
2005 Building	8,180,000
2006 Refunding	1,000,000
2008 Building	1,200,000
2014 Tax Maintenance Notes	1,250,000
<u>Public Facilities Corporation</u>	
1999	410,000
2001	1,035,000
2002	520,000

Debt service requirements on long-term obligations at June 30, 2020 are as follows:

<u>Year Ending June 30,</u>	<u>General Obligation Bonds</u>		<u>Other Long-term Debt</u>		<u>Total Requirements</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2021	\$ 1,193,000	\$ 813,862	\$ 274,072	\$ 29,310	\$ 1,467,072	\$ 843,172
2022	1,228,000	776,389	278,695	17,843	1,506,695	794,232
2023	1,027,000	731,128	213,100	8,147	1,240,099	739,275
2024	1,121,000	691,234	-	-	1,121,000	691,234
2025	1,050,000	648,913	-	-	1,050,000	648,913
2026-2030	5,671,000	2,624,667	-	-	5,671,000	2,624,667
2031-2035	6,535,000	1,485,523	-	-	6,535,000	1,485,523
2036-2038	<u>3,575,000</u>	<u>261,800</u>	<u>-</u>	<u>-</u>	<u>3,575,000</u>	<u>261,800</u>
Total	<u>\$21,400,000</u>	<u>\$ 8,033,516</u>	<u>\$765,867</u>	<u>\$ 55,300</u>	<u>\$22,165,867</u>	<u>\$8,088,816</u>

There are a number of limitations and restrictions contained in the general obligation bond indentures. Management has indicated that the District is in compliance with all significant limitations and restrictions at June 30, 2020.

NOTE 10: OTHER LONG-TERM LIABILITIES:

In addition to the long-term debt obligations in Note 9, Note 16: Defined Benefit Pension Plan and Note 17: Defined Other Post Employment Benefit Plans, the District has the following changes in other long-term liabilities for the period ended June 30, 2020 as follows:

	Beginning Balance	Increase	Decrease	Ending Balance	Due Within One Year
	<u>7/1/2019</u>			<u>6/30/2020</u>	
Governmental activities:					
Compensated absences	<u>\$ 209,926</u>	<u>\$ 27,461</u>	<u>\$ 30,457</u>	<u>\$ 206,930</u>	<u>\$ 90,507</u>

English Language Acquisition Grants	84.365	871
Teacher and School Leader Incentive Grants	84.374	6
Student Support and Academic Enrichment Program	84.424	1,939
Medicaid Administrative Claiming Program	93.778	37,239
SHARS	-	<u>606,969</u>
		<u>\$2,812,426</u>

NOTE 14: COMMITMENTS AND CONTINGENCIES

The District participates in a number of grant programs funded by State and Federal Agencies. These programs are subject to compliance audits by the grantor agencies or their representatives.

Audits of all of these programs for the period ended June 30, 2020 have not been conducted. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

The District is a party to various legal actions, none of which is believed by administration to have a material effect on the financial condition of the District. Accordingly, no provision for losses has been recorded in the accompanying combined financial statements for such contingencies.

**La Feria Independent School District
Notes to Financial Statements**

NOTE 15: COMPLIANCE AND ACCOUNTABILITY

a. Finance-Related Legal and Contractual Provisions

In accordance with GASB Codification Section 2300 “Notes to Financial Statements,” violations of finance related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

Violations	Action Taken
None noted	None necessary

b. Deficit Fund Balance or Fund Net Position of Individual Funds

There were no deficit fund balances or fund net position for any individual funds.

NOTE 16: DEFINED BENEFIT PENSION PLAN

Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS’s defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension’s Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System’s fiduciary net position is available in a separately- issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

**La Feria Independent School District
Notes to Financial Statements**

NOTE 16: DEFINED BENEFIT PENSION PLAN (Continued)

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3% (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, for whom the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member’s age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member’s age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS’s unfunded actuarial liabilities would be increased to a period that exceeds 31 years or, if the amortization period already exceeds 31 years, the period would be increased by such action. In May 2019, the 86th Texas Legislature approved the TRS Pension Reform Bill (Senate Bill 12) that provides for gradual contribution increases from the state, participating employers and active employees to make the pension fund actuarially sound. This action causing the pension fund to be actuarially sound, allowed the legislature to approve funding for a 13th check in September 2019. All eligible members retired as of December 31, 2018 received an extra annuity check in either the matching amount of their monthly annuity or \$2,000, whichever was less.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member’s annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 through 2025.

	<u>Contribution Rates</u>	
	<u>2019</u>	<u>2020</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (state) (NECE)	6.8%	7.5%
Employer	6.8%	7.5%

La Feria Independent School District Notes to Financial Statements

NOTE 16: DEFINED BENEFIT PENSION PLAN (Continued)

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA). Contributions as of the pension plan measurement date were as follows:

Current fiscal year employer contributions	\$ 687,052
Current fiscal year member contributions	\$1,746,315
2019 measurement year NECE on-behalf contributions	\$1,103,297

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public school or charter school, the employer shall contribute 1.5% of covered payroll to the pension fund beginning in fiscal year 2020. This contribution rate called the Public Education Employer Contribution will replace the Non(OASDI) surcharge that was in effect in fiscal year 2019.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to:

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district or charter school does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees. This surcharge was in effect through fiscal year 2019 and was replaced with the Public Education Employer Contribution explained on the preceding page.

Notes to Financial Statements**

NOTE 16: DEFINED BENEFIT PENSION PLAN (Continued)

Actuarial Assumptions

The total pension liability in the August 31, 2018 actuarial valuation rolled forward to August 31, 2019 was determined using the following actuarial assumptions:

Valuation Date	August 31, 2018, rolled forward to August 31, 2019
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-term Expected Rate of Return	7.25%
Municipal Bond Rate as of August 2019	2.63% - Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federal tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."
Last year ending August 31 in Projection Period (100 years)	2116
Inflation	2.3%
Salary Increases	3.05% to 9.05% including inflation
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumption used in the actuarial valuation as of August 31, 2018. For a full description of these assumptions, please see the TRS actuarial valuation report dated November 14, 2019.

Discount Rate

The single discount rate used to measure the total pension liability was 7.25%. The single discount rate was based on the expected rate of return on pension plan investments of 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees. Based upon those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

La Feria Independent School District Notes to Financial Statements

NOTE 16: DEFINED BENEFIT PENSION PLAN (Continued)

The long-term rate of return on pension plan investments is 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Teacher Retirement Systems target asset allocation as of August 31, 2019 (see page 52 of TRS CAFR) are summarized below:

	<u>FY 2019 Target *</u>	<u>New Target Alloc **</u>	<u>Long-term Expected Geometric Real Rate of Return ***</u>
Global Equity			
USA	18.0%	18.00%	6.40%
Non-U.S. Developed	13.0%	13.00	6.30
Emerging Markets	9.0%	9.00	7.30
Directional Hedge Funds	4.0%	-	-
Private Equity	13.0%	14.00	8.40
Stable Value			
U.S. Treasuries****	11.0%	16.00	3.10
Stable Value Hedge Funds	4.0%	5.00	4.50
Absolute Return (Including Credit Sensitive Investments)	0.0%	-	-
Real Return			
Global Inflation Linked Bonds****	3.0%	-	-
Real Estate	14.0%	15.00	8.50
Energy, Natural Resources & Infrastructure	5.0%	6.00	7.30
Commodities	0.0%	-	-
Risk Parity			
Risk Parity*****	5.0%	8.0%	5.8%/6.5%
Leverage			
Cash	1.0%	2.0%	2.5%
Asset Allocation Leverage	-	-6.0%	2.7%
Expected Return	100.0%	100.0%	7.23%

*Target allocations are based on the Strategic Asset Allocation as of FY2019.

**New allocations are based on the Strategic Asset Allocation to be implemented FY2020.

*** 10-Year annualized geometric nominal returns include the real rate of return and inflation of 2.1%.

****New Target Allocation groups Government Bonds within the stable value allocation. This includes global sovereign nominal and inflation-linked bonds.

*****5.8%(6.5%) return expectation corresponds to Risk Parity within a 10%(12%) target volatility.

**La Feria Independent School District
Notes to Financial Statements**

NOTE 16: DEFINED BENEFIT PENSION PLAN (Continued)

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the 2019 Net Pension Liability.

	1% Decrease In Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
District's proportionate share of the net pension liability	<u>\$13,879,607</u>	<u>\$9,029,470</u>	<u>\$5,099,923</u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a liability of \$9,029,470 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 9,029,470
State's proportionate share that is associated with the District	<u>16,386,651</u>
 Total	 <u>\$25,416,121</u>

The net pension liability was measured as of August 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2018 thru August 31, 2019.

At August 31, 2019, the employer's proportion of the collective net pension liability was .0173700019% which was a decrease of .0000886555% from its proportion measured as of August 31, 2018.

Changes Since the Prior Actuarial Valuation

- The single discount rate as of August 31, 2018 was a blended rate of 6.907% and that has changed to the long-term rate of 7.25% as of August 31, 2019.
- With the enactment of SB 3 by the 2019 Texas Legislature, an assumption has been made about how this would impact future salaries. It is assumed that eligible active members will each receive a \$2,700 increase in fiscal year 2020. This is in addition to the salary increase expected in the actuarial assumptions.
- The Texas legislature approved funding for a 13th check. All eligible member retired as of December 31, 2018 will receive an extra annuity check in September 2019 in either the matching amount of their monthly annuity payment or \$2,000 whichever is less.

**La Feria Independent School District
Notes to Financial Statements**

NOTE 16: DEFINED BENEFIT PENSION PLAN (Continued)

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended June 30, 2020, the District recognized pension expense of \$4,334,067 and revenue of \$2,574,112 for support provided by the State.

At June 30, 2020, the District reports its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 37,932	\$ 313,518
Changes in actuarial assumptions	2,801,385	1,157,665
Difference between projected and actual investment earnings	90,666	-
Changes in proportion and difference between the employer's, contributions and the proportionate share of contributions	<u>671,900</u>	<u>353,657</u>
Total net amounts per August 31, 2019 measurement date	3,601,883	1,824,840
Contributions paid to TRS subsequent to the measurement date	<u>588,206</u>	<u>-</u>
Total as of fiscal year-end	<u>\$ 4,190,089</u>	<u>\$ 1,824,840</u>

The \$588,206 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Pension Plan Years Ending June 30:</u>	<u>Pension Expense Amount</u>
2021	\$530,802
2022	416,441
2023	422,766
2024	385,559
2025	106,551
Thereafter	(85,076)

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>
Net Pension Liability	<u>\$ 9,609,669</u>	<u>\$ 27,772</u>	<u>\$ 607,971</u>	<u>\$ 9,029,470</u>

**La Feria Independent School District
Notes to Financial Statements**

NOTE 17: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Plan Description. The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The plan is administered through a trust by the Teacher Retirement System (TRS) Board of Trustees. It is established and administered in accordance with Texas Insurance Code, Chapter 1575.

OPEB Plan Fiduciary Net Position. Detail information about the TRS-Care’s fiduciary net position is available in the separately-issued TRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, Texas 78701-2698; or by calling (512) 542-6592.

Components of the net OPEB liability of the TRS-Care plan as of August 31, 2019 are as follows:

<u>Net OPEB Liability</u>	<u>Total</u>
Total OPEB Liability	\$48,583,247,239
Less: plan fiduciary net position	<u>1,292,022,349</u>
Net OPEB liability	<u>\$47,291,224,890</u>
 Net position as a percentage of total OPEB liability	 2.66%

Benefits Provided. TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. There are no automatic post-employment benefit changes, including automatic COLAs.

The premium rates for retirees are reflected in the following table.

	TRS-Care <u>Medicare</u>	Monthly Premium Rates <u>Non-Medicare</u>
Retiree or surviving spouse	\$ 135	\$ 200
Retiree and spouse	529	689
Retiree or surviving spouse and children	468	408
Retiree and family	1,020	999

**La Feria Independent School District
Notes to Financial Statements**

NOTE 17: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)

Contributions. Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of Trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, Section 1575.202 establishes the state’s contribution rate which is 1.25% of the employee’s salary. Section 1575.203 establishes the active employee’s rate which is .75% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

	<u>2019</u>	<u>2020</u>
Member	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/Private Funding Remitted by Employers	1.25%	1.25%
District’s 2020 FY Employer Contributions	\$ 192,070	
District’s 2020 FY Member Contributions	\$ 147,416	
2019 Measurement Year NECE On-Behalf Contributions	\$ 243,138	

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When employers hire a TRS retiree, they are required to pay to TRS-Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$73.6 million in fiscal year 2019.

Actuarial Assumptions. The total OPEB liability in the August 31, 2018 actuarial valuation was rolled forward to August 31, 2019. The actuarial valuation was determined using the following actuarial assumptions.

**La Feria Independent School District
Notes to Financial Statements**

NOTE 17: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)

The following assumptions and other inputs used for members of TRS-Care are identical to the assumptions used in the August 31, 2018 TRS pension actuarial valuation that was rolled forward to August 31, 2019:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected Payroll Growth
Rates of Disability Incidence	

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2018 rolled forward to August 31, 2019
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Discount Rate	2.63% as of August 31, 2019
Aging Factors	Based on Plan Specific Experience
Election Rates	50% after age 65. 25% of pre-65 retirees are assumed to discontinue coverage at age 65
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	3.05%-9.05%, including inflation
Ad-hoc Post Employment Benefit Changes	None

Discount Rate. A single discount rate of 2.63% was used to measure the total OPEB liability. There was an decrease of 1.06% in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability.

La Feria Independent School District
Notes to Financial Statements

NOTE 17: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)

Sensitivity of the Net OPEB Liability:

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (2.63%) in measuring the Net OPEB Liability.

	<u>1% Decrease in Discount Rate (1.63%)</u>	<u>Discount Rate (2.63%)</u>	<u>1% Increase in Discount Rate (3.63%)</u>
District's proportionate share of the Net OPEB Liability	\$14,721,146	\$12,193,234	\$10,215,647

Healthcare Cost Trend Rates Sensitivity Analysis – The following presents the net OPEB liability of the plan using the assumed healthcare cost trend rate, as well as what the net OPEB liability would be if it were calculated using a trend rate that is one-percentage point lower or one-percentage point higher than the assumed 8.5% healthcare cost trend rate.

	<u>1% Decrease 7.5%</u>	<u>Current Healthcare Cost Trend Rate 8.5%</u>	<u>1% Increase 9.5%</u>
District's proportionate share of the Net OPEB Liability	\$9,946,813	\$12,193,234	\$15,202,408

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. At June 30, 2020, the District reported a liability of \$12,193,234 for its proportionate share of the TRS's Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's Proportionate share of the collective net OPEB liability	\$12,193,234
State's proportionate share that is associated with the District	<u>16,202,081</u>
	<u>\$28,395,315</u>

The net OPEB liability was measured as of August 31, 2019 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2018 through August 31, 2019.

At August 31, 2019 the employer's proportion of the collective net OPEB liability was .0257832916% which is a decrease of 0.0011604057% from its proportion measured as of August 31, 2018.

La Feria Independent School District Notes to Financial Statements

NOTE 17: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)

Changes Since the Prior Actuarial Valuation – The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability (TOL) since the prior measurement period.

- 1 - The discount rate changed from 3.69% as of August 31, 2018 to 2.63% as of August 31, 2019. This change increased the TOL.
- 2 - The health care trend rates were reset to better reflect the plan's anticipated experience.
- 3 - The participation rate for pre-65 retirees was lowered from 70% to 65%. The participation rate for post-65 retirees was lowered from 75% to 50%. 25% of pre-65 retirees are assumed to discontinue their coverage at age 65. There was no lapse assumption in the prior valuation. These changes decreased the TOL.
- 4 – The percentage of retirees who are assumed to have two-person coverage was lowered from 20% to 15%. In addition, the participation assumption for the surviving spouses of employees that die while actively employed was lowered from 20% to 10%. These changes decreased the TOL.
- 5 – Change of Benefit Terms Since the Prior Measurement Date – There were no changes in benefit terms since the prior measurement date.

For the year ended June 30, 2020, the District recognized OPEB expense of \$569,217 and revenue of \$427,020 for support provided by the State.

At June 30, 2020, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual actuarial experiences	\$ 598,182	\$1,995,293
Changes in actuarial assumptions	677,239	3,279,681
Differences between projected and actual investment earnings	1,315	-
Changes in proportion and differences between the employer's contributions and the proportionate share of contributions	41	1,183,752
Total as of August 31, 2019 measurement date	1,276,777	6,458,726
Contributions paid to TRS subsequent to the measurement date	162,008	-
Total as of fiscal year end	\$1,438,785	\$6,458,726

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	OPEB Expense Amount
Fiscal Year ended June 30,	
2021	\$ (829,635)
2022	(829,635)
2023	(830,060)
2024	(830,304)
2025	(830,237)
Thereafter	(1,032,078)

La Feria Independent School District
Notes to Financial Statements

NOTE 17: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)

Changes in the net OPEB liability for the year ended June 30, 2020 are as follows:

	Beginning Balance	Additions	Retirements	Ending Balance
Net OPEB Liability	\$ 13,453,235	\$ -	\$ 1,260,001	\$ 12,193,234

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. Under Medicare Part D, TRS-Care received retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the years ended June 30, 2020, 2019 and 2018 the subsidy payments received by TRS-Care on behalf of the District are as follows:

Fiscal Year	Medicare Part D
2020	\$ 98,777
2019	69,580
2018	70,094

Contributions made by the State on behalf of the District have been recorded in the government-wide financial statements and in the fund financial statements of the General fund as both state revenues and payroll expenditures.

NOTE 18: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the District carries commercial insurance. In addition, the District is a member of the Texas Association of School Boards Joint Account Self-Insurance Fund (Fund). The Fund was created to formulate, develop and administer a program of modified self-funding for the property and/or liability coverage for its membership, provide claims administration, and develop a comprehensive loss control program. The District pays contributions to the Fund for its general and legal liability, workers compensation, unemployment compensation, auto liability and auto physical damage coverage. The District’s agreement with the Fund provides that the Fund will be self-sustaining through member premiums and will provide, through commercial companies, reinsurance contracts. There were no significant reductions in coverage in the past fiscal year.

Health Coverage

The District provides the employees with a health insurance plan. The District paid premiums of \$353 per month per employee, and employees, at their option, authorized payroll withholdings to pay premiums for dependents. All premiums were paid to South Texas Health Cooperative which was formed in 1999 by several school districts. The cooperative is governed by a board of directors composed of the superintendents of the member districts. Claims are processed by Continental Benefits and reinsurance has been obtained for specific claims in excess of \$300,000 with no aggregate limit through Swiss RE. If the cooperative ceases to exist or the District decides not to participate, the District will be responsible for any unpaid claims for its employees. The monthly premium per employee for the 2021 school year remained the same at \$353.

**La Feria Independent School District
Notes to Financial Statements**

NOTE 19: FUND BALANCES

The District has classified its fund balances with the following hierarchy as of June 30, 2020:

Nonspendable: The District has inventories of \$105,240 and prepaid items of \$61,432.

Spendable: The District has classified spendable fund balances as *Restricted, Committed, Assigned* and *Unassigned* and considered each to have been spent when expenditures are incurred.

Restricted for Federal and State Programs— Federal laws, Texas statutes and local ordinances require that certain revenues be specifically designed for the purposes of federal and state programs and debt service. The funds have been included in the restricted category of fund balance.

Committed for Campus Activity Funds – the School Board has taken action to commit the fund balance in the campus activity fund to the respective campus.

Unassigned – The unassigned fund balance has no constraints.

	<u>General Fund</u>	<u>Other Governmental Funds</u>		<u>Total Governmental Funds</u>
		<u>Debt Service</u>	<u>Other Funds</u>	
Fund balances:				
Nonspendable:				
Inventories:				
Food service	\$ 105,240	\$ -	\$ -	\$ 105,240
Prepaid items:				
General fund	61,432	-	-	61,432
Restricted:				
Food service	57,805	-	-	57,805
Retirement of Long-term Debt	-	162,545	-	162,545
Committed:				
Campus activity funds	-	-	133,019	133,019
Unassigned:	<u>6,907,527</u>	<u>-</u>	<u>-</u>	<u>6,907,527</u>
	<u>\$7,132,004</u>	<u>\$ 162,545</u>	<u>\$ 133,019</u>	<u>\$7,427,568</u>

NOTE 20: UNCERTAINTIES

Subsequent to June 30, 2020, the Texas Education Agency advised districts regarding the impact of the COVID-19 pandemic on average daily attendance (ADA) reporting and the impact on funding for the 2020-2021 school year. The District also will be able to utilize funding from various federal grant programs to offset losses of revenue associated with the pandemic and costs of implementing safety protocols and distance learning strategies. The full extent of the ongoing impact of COVID-19 on the District’s 2020-21 fiscal year and longer-term operational and financial performance will depend on future developments, many of which are outside of the District’s control, including the effectiveness of the mitigation strategies related to COVID-19, the duration and spread of COVID-19, and future governmental actions, all of which are highly uncertain and cannot be predicted.

La Feria Independent School District Notes to Financial Statements

NOTE 21: PRIOR PERIOD ADJUSTMENT

During fiscal period 2020, the District business office staff completed a thorough review of the balance recorded in 1241 Due from State and determined there was an adjustment made in the prior year by TEA to the District's 2018-2019 Foundation allotment in the amount of \$1,184,611 which was not reflected in the District's general ledger. The adjustment was made by TEA to transfer excess funds that were allotted to the District during FY 18-19 from its 2018-2019 allotment over to the 2019-2020 allotment. The result of this adjustment was that the District's receivable balance as of June 30, 2019 was overstated in the amount of \$1,184,611 and after the completion of the review, it was determined that a correction of an error was required so a prior period adjustment was posted to beginning fund balance.

La Feria Independent School District Notes to Required Supplementary Information

I. Budgetary Information

The Board adopts an “appropriated budget” on a basis consistent with GAAP for the general fund and debt service fund. At a minimum, the District is required to present the original and the final amended budgets for revenues and expenditures compared to actual revenues and expenditures for these two funds.

The following procedures are followed in establishing the budgetary data reflected in the general purpose financial statements:

- Prior to June 20 for a fiscal year start date of July 1, the District prepares a budget based on the modified zero-based budgeting concept for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.
- After one or more budget workshops with the Board, a meeting is called for the purpose of adopting the proposed budget. At least ten days but not more than 30 days public notice of the meeting is required.
- Prior to June 30 for a fiscal year start date of July 1, the Board legally adopts the budget for the general fund and debt service fund.
- After the budget for the above listed funds is approved, any amendment that causes an increase or decrease in a fund or functional spending category or total revenue or other resources object category requires Board approval prior to the fact. These amendments are presented to the Board at its regular monthly meeting and are reflected in the official minutes. Only one budget amendment was necessary during the current fiscal year.
- Expenditure budgets are controlled at the expenditure functional and object level by the appropriate administrator. Transfers may be authorized within functional and organizational categories that do not affect the total functional and organizational appropriation. All budget appropriations lapse at year-end.

Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in order to reserve that portion of the applicable appropriation, is used in all governmental funds. Under Texas law, appropriations lapse at June 30, and encumbrances outstanding are cancelled at the end of the year.

II. Pension

Changes of benefit terms – There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of assumptions – The following are changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability during the measurement period:

The single discount rate as of August 31, 2018 was a blended rate of 6.907% and that has changed to the long-term rate of return of 7.25% as of August 31, 2019.

With the enactment of SB 3 by the 2019 Texas Legislature, an assumption has been made about how this would impact future salaries. It is assumed that eligible active members will each receive a \$2,700 increase in fiscal year 2020. This is in addition to the salary increase expected in the actuarial assumptions.

The Texas legislature approved funding for a 13th check. All eligible members retired as of December 31, 2018 will receive an extra monthly check in September 2019 in either the matching amount of their monthly annuity payment or \$2,000, whichever is less.

III. Other Post-Employment Benefits (OPEB)

Changes of benefit terms – There were no changes in benefit terms that affected measurement of the total OPEB liability during the measurement period.

La Feria Independent School District
Notes to Required Supplementary Information

III. Other Post-Employment Benefits (OPEB) – (Continued)

Changes of assumptions – The following were changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability (TOL) since the prior measurement period:

The discount rate changed from 3.69% as of August 31, 2018 to 2.63% as of August 31, 2019. This change increased the TOL.

The health care trend rates were reset to better reflect the plan's anticipated experience. This change increased the TOL.

The participation rate for pre-65 retirees was lowered from 70% to 65%. The participation rate for post-65 retirees are lowered from 75% to 50%. 25% of the pre-65 retirees are assumed to discontinue their coverage at age 65. There was no lapse assumption in the prior valuation. These changes decreased the TOL.

The percentage of retirees who are assumed to have two-person coverage was lowered from 20% to 15%. In addition, the participation assumption for the surviving spouses of employees that die while actively employed was lowered from 20% to 10%. These changes decreased the TOL.

COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Trustees
La Feria Independent School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the La Feria Independent School District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the La Feria Independent School District's basic financial statements, and have issued our report thereon dated January 18, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the La Feria Independent School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the La Feria Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the La Feria Independent School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(This page intentionally left blank)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the La Feria Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR THE MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Trustees
La Feria Independent School District

Report on Compliance for Each Major Federal Program

We have audited the La Feria Independent School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the La Feria Independent School District's major federal program for the year ended June 30, 2020. La Feria Independent School District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the La Feria Independent School District's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the La Feria Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the La Feria Independent School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the La Feria Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of the La Feria Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the La Feria Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the La Feria Independent School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**La Feria Independent School District
Notes on Accounting Policies for Federal Awards**

Exhibit K-2

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of La Feria Independent School District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general purpose financial statements.

NOTE 2 – PROGRAM REPORTING

SHARS, MAC and \$84,598 of indirect cost are accounted for in the general fund. The National School Lunch Program, School Breakfast Program Commodity Supplemental Food Program, and Child and Adult Care Food Program are accounted for in the Child Nutrition Program. Expenditures are not specifically attributable to these revenues and are shown on this schedule in an amount equal to revenue for balancing purposes only.

Reconciliation

Total expenditures of federal awards, per Exhibit K-1	\$6,146,570
General fund – Federal Revenue	
School Health and Related Services (SHARS) revenue	<u>606,969</u>
Total Federal Revenues, per Exhibit C-3	<u>\$6,753,539</u>

NOTE 3 – SUB-RECIPIENTS

During the year ended June 30, 2020, the La Feria Independent School District had no sub-recipients.

NOTE 4 – FEDERAL LOANS AND LOAN GUARANTEES

During the year ended June 30, 2020, the District had no outstanding federal loans payable or loan guarantees.

NOTE 5 – FEDERALLY FUNDED INSURANCE

During the year ended June 30, 2020, the District had no federally funded insurance.

**La Feria Independent School District
Notes on Accounting Policies for Federal Awards**

Exhibit K-2

NOTE 6 – NONCASH AWARDS

During the year ended June 30, 2020, the District received \$136,707 of federal awards in the form of noncash assistance.

NOTE 7 – INDIRECT COST RATE

The Uniform Guidance allows an organization to elect a 10% de minimus indirect cost rate. For the year ended June 30, 2020, the District did not elect to use this rate.
